HOW TO PLAY MICRO MACHINES

HOW TO PLAY MICRO MACHINES®

Micro Machineso is a car racing game where you get to race 9 different Micro Machineso in 32 different tracks, each in 9 different environments. There are 11 different characters to compete against, each with his own skill level and character.

In MICRO MACHINES® CHALLENGE (the one player game) as long as you keep winning you will race against all deven characters on progressively more difficult tracks. The idea is to knock our every one of the characters until none remain, leaving you as the Micro Machines® Champion.

In the two player game you can race against a friend or a group of friends one at a time. There are only two cars on the track at a time and the race is over three laps of the course.

See chapters on different games for more details.

GETTING STARTED

First of all use the SELECT button to point the hand in the centre of the screen at your selection.

Push the START button to choose the game you nave selected then read the part of this booklet which helps you with that game. After a reset, without turning the deck off, you will find that the selection hand already points at your last selection and you can just press START to play that game again.

PARTS OF THE

PARTS OF THE JOYPAD

- ▼ SELECT This button is only used on selection screens to change your selection before choosing the option you went with the A button or the START button.
- ▼ LEFT/RIGHT Using left and right will turn your vehicle anticlockwise or clockwise. It doesn't matter whether your vehicle is pointing up or down. You can practice this in the qualifier race in the Micro Machinese Challenge.
- ▼ A BUTTON (Accelerate) Holding down A will make you accelerate until you reach full speed.

- B BUTTON (Brake/Reverse) If you are moving forward the B button will slow you down. If you have already stopped then this button will move you backwards.
- ▼ START Press START to pause and unpause the game.
- A and B Together You will only need to do this in the Tanks race where pressing A and B together will make the Tank fire.

ANCRO MACHINES² CHALLENGE ONE Player

THE RULES OF THE MICRO MACHINES® CHALLENGE

In The Micro Machinese Challenge you get to race all the different Micro Machinese in their own individual environments, building up your collection of Micro Machinese in your display case shown at the beginning of each race

During the race the car order is shown in the top left hand corner of the screen as a column of colored dots representing the colors of the cars. The race lasts for 3 laps.

FIRST or SECOND place in a race means you qualify for the next race on a different track with a different vehicle. THIRD or FOURTH place means you lose a chance and have to race the same track again. You start with three chances, and if you lose them all then its GAME OVER!

V

CHOOSING YOUR CHARACTER

After selecting the Micro Machines Challenge, you have to select the character you want to be for the whole challenge. Pressing **LEFT** or **RIGHT** on the control pad will move you through the characters. Press **A** to choose a particular character... press **START** to continue... or **B** to cancel your choice.

QUALIFIER RACE

The first race is a qualifier, where you get the chance to perfect your racing skills in the bathtub.

Nintendo ENTERTAINMENT SYSTEM

MICRO MACHINES

CHOOSING YOUR OPPONENTS

After qualifying you must choose the three characters that you'll race against in the first challenge round. Do this the same way that you choose your own character.

Later on as your opponents drop out you will have to choose their replacements. As you get better you can save the worst characters for the later races and eliminate the good drivers in the

INTRODUCING THE RUFF TRUX TIME TRIAL...

Whenever you have come first in THREE races you get the chance to compete in this special stage and earn an extra life. Driving your all terrain Ruff Trux you've got to complete one lap of a specially difficult track within a set time.

If you fail to finish before the timer runs out you don't get the extra life but you don't lose any lives for trying.

earlier rounds.

MICRO MACHINES® TWO PLAYER

PLAYING MICRO MACHINES® TWO PLAYER GAME

Both players must first choose which character they want to be. Player I has first pick, and each player must use their own controller. You make your selection with BUTTON A or cancel your selection at any time by pressing B.

Next you must choose if you want just a SINGLE RACE or a TOURNAMENT. In the SINGLE RACE game you choose which Micro Machines» vehicle

you both want to use and then race in the TOURNAMENT you both race a random selection of Micro Machiness in their environments one after the other. The first player to win 4 races is the tournament champion.

HANDICAPPING

If one of you is a lot older or more experienced than the other tinen choosing Annie, Mike or Walter will handicap that player in the two player game to give the other player a fighting chance. Annie has a slight handicap, Mike a larger handicap and Walter has a loig handicap.

SCORES

The scores and ratings on the Results Screen are affected by the results of SINGLE RACE games as well as TOURNAMENT games and will not be zeroed unless the console is turned off (a reset won't affect it).

This means that you can make up competitions for more than two players if each player sticks to one character and then you play a series of SINGLE RACE two player games.

Nintendo TERTRIDMENT SYSTEM

MICRO MACHINES® TWO PLAYER

INTRODUCING

HOW TO WIN THE TWO PLAYER GAME

Eight colored lights are shown in the top left comer of the screen.

At the start of the game each player will see that four of the lights are the same color as each of the Micro Machines®.

- Whenever one of the players gets a whole screen length in front of the other they will win a bonus. One of the loser's lights will turn to the winner's color
- When one player has all eight lights showing their color then they have won the race.
- If neither player has all eight lights at the end of three laps then the player with the most lights showing their color wins.
- If both players' lights are equal at the end of three labs then the game becomes a SUDDEN DEATH PLAY-OFF and the next player to win a bonus light will win the game.

INTRODUCING THE MICRO MACHINES®

Each type of Micro Machines® vehicle races in its own special environment with its own hazards and features. The real life handling qualities of each type of Micro Machineso vehicle has been carefully reproduced to turn these toys into a real life experience. Enjoy each of the following Micro Machineso, and remember - they're just like the real thing!

SPORTS CARS

To make a great Sports Car race track we've pushed some school desks together and added some excellent features watch out for dangerous bridges between desks and mega jumps across vawning gapsl

INTRODUCING

HIGHWAY WARRIORS®

We move to the garage floor for this race – you've got to be a great driver to compensate for the tricky handling of these road-going rhinos.

If you drive into another car fast enough you will explode so be careful.

TANKS

CHOPPERS

These flying Micro Machinese can take a while to get used to. Be careful not to fly wide on

the corners or be blown off course by the fan heaterl

FORMULA ONE RACING CARS

The scene is a pool table. These high-powered, highspeed Micro Machinesø stick to the road like leeches and corner like a dream.

TURBO WHEELS™

The setting for the incredible bouncing baja buggy race is the sandpit in the yard.

Ride 'em out over sand castles, mini dunes, moats and bridges – but watch out for the shove!!

INTRODUCING ICRO MACHINES MEET THE CHARACTERS

POWER BOATS

These Micro
Machinese do their
thing in the baihtub,
where they have to
contend with a whiripool
over the plughole, discarded
shampoo bottles, rubber ducks and many more
hazardous bathtime objects

You need some real mean wheels in this race. It's breakfast time at the kitchen table – you've got cereal, waffles, super sticky maple syrup, spilled milk. OJ and more to contend with... looks like Armageddon in the kitchen!

MEET THE CHARACTERS

Inside the game you'll meet twelve new friends, each with a character, look and driving style of their cwn... In the Micro Machineso Challenge you can improve your chances of reaching the higher levels by carefully selecting the order in which you race the characters.

Once you have played for a while you can choose the harder opponents like Spider and Cherry first so that they get knocked out before the harder and more difficult levels.

SPIDER is just so coo-ool.

The kind of guy that takes calculates

The kind of guy that takes calculated risks and never breaks a sweat. Spicler is considered to be the best of the characters. Eat his dust!

MEET THE CHARACTERS

MIKE This is Mikes first try at Micro Machines® racing. He used to concentrate on scuba diving in the bachtub. Now he knows he's on his way to the top, and he's prepared to take risks.

Don't count him out of ANY race especially the boat section where his early training keeps him in contention.

WALTER is a very cautious driver – recent problems
with his parents have kept him out of any
kind of racing for the last two weeks.
Now Walter's back but he has to take it
easy for a while after his recent trouble.

He's sure that slow and steady wins the race. You'll never find him blowing out in a 360! CHERRY is blonde and Beautiful, but watch out for the temper tantrums – she doesn't like losing.

The last time she lost, the winner spent the next 2 weeks lying about how he got a black eye.

JOEL is a spoiled brat who will push and shove his way to the front. Watch out

for him in the risky areas of each track. Joels favorite tactic is to welt just behind on the fast corners and push his opponent into a barrier or over the edge on the outside.

Nintendo ENTERTAINMENT SYSTEM

MEET THE CHARACTERS

She may have switched to a less destructive kind of racing now but old habits die hard!

on and off the track. Lunatic or Genius? We don't really know... Watch out for Dwain close to the end of the race. He keeps his strength for the finish and will take merciless advantage of any minor slip you

make.

but that just hides her vicious driving style. Annie is cool and calculating. She waits for her chance and strikes like a snake.

> If you see Annie in your rear view mirror then watch out!

MEET THE CHARACTERS

Jethro loves the Tanks best and would rather that everybody else is in front of him so he can blow them away.

EMILIO will do anything to win. He's sneaky, and

though he's never been caught, we're sure that he cheats. Another sore loser. Under that competitive, aggressive, sneaky facade Emilio is really a drity low down mean kind of guy who considers no tactin too low.

ABOUT CODE MASTERS™ AND ITS YOUNG FOUNDERS

David and Richard Daving started writing video games while they were in their early teers and still at school in England. From these beginnings David and Richard became contract games admit they wrote games for many major British software houses, and many of them turned out to be run away best sellars. The boys had by their realised that they had a natural taint for coming up with games that people really want to poal.

Desid and Richard formed CODE MASTERS^M, their own company, in October 1986. Within a year CODE MASTERS^M was the best setting games software publisher in the UK with over 12 number one best sellers. CODE MASTERS^M has dominated the UK charts.

Over thirty of the world's best games people work at CODE MASTER's global resoquanters, a % acre farm in the heart of rural England. CODE MASTERSTM has the resources, the expertise and the crive to bring you the very best in video game entertainment, and thes's exactly what Mahard and Devid aim to did in
